

Somfy SMOOVE ORIGIN RTS

Single Channel Wire-Less Wall Switch

For the control of a single blind, this wire-less surface mounted RTS controller provides ultimate convenience. It can be positioned almost anywhere within 20 meters of the blind and provides basic control plus the “my” function that allows it to memorise and consistently repeat your favourite setting.

Protection Index		IP 30
Dimension		
Width		50 mm
Height		50 mm
Depth		10 mm
Others		
Working temperature		0 to +60 °C
Colour / Finish		Pure

Somfy TELIS 4 RTS PURE

Multi-channel Hand-held Controller

The Telis 4 RTS makes it possible to control several products individually or all at the same time using just this one remote control handset. This is made possible by the Telis 4 RTS using a 5 channel radio system, each channel being identified by the indicator lights. The Telis 4 RTS also makes it possible to control several products at once. The “my” function memorises and consistently repeat your favourite setting.
