| Battery type          | 12V 2600 mAh (Built in Lithium-Ion)    |
| Battery autonomy      | Nominal recharge required, once a year |
| Recharging time       | <4.5 hours                             |
| Low Battery Indicator | LED                                    |

### Lithium-Ion +

Embedded battery motor

- All-in-one
- Aesthetic
- Compact & light
- Higher energy density

Move your blinds effortless and remotely thanks to remote control, compatible with Somfy connected solution.

### Technical Features

- Voltage supply: 12V
- Index Protected rating: IP20 (for indoor use only)
- Limit Switch type: Electronic
- Temperature working range: 0°C to 60°C
- Temperature storage range: -20°C to 60°C
- Insulation class: Class III
- Antenna: 15 cm wire length must not be cut or lengthened.

For best radio reception, antenna must be exposed and should not come into contact with any metal surfaces. The antenna may need to be repositioned for optimal performance

- Best Lithium-Ion technology performance
- No electrical wires and no cords, free from danger of strangulation.
- Somfy quality and warranty.
- Battery can be replaced
